# Information regarding Lansing pathway planning

Revised 6-2013

**For all persons considering land use changes in the Town of Lansing such as a Planned Development Area (PDA), a major or minor subdivision, or a special land use permit**

The Town of Lansing Resolution 10-134\* recognizes and supports the development of a network of paths for recreation and non-motorized transportation in the Town.

All persons seeking to initiate a land-use change in the Town of Lansing are requested to include a plan showing consideration for: 1) connection(s) to existing or proposed Lansing pathways, and 2) pathway(s) within the proposed development. This request applies to those seeking PDAs, special permits, or subdivisions of any size.

## **Background:**

The Town of Lansing has affirmed that the development of pathways is in the public interest of citizens of Lansing. The term "pathways" refers to a variety of non-motorized forms of transportation including hardened footpaths, nature trails, sidewalks, and paved multi-use trails for walkers, bikes and skateboards. There is also a desire for future trails that could accommodate snowmobiles and horse back riding.

The goals of Resolution 10-134 include developing a network of connecting pathways that will link major Town locations such as the schools, the Town Center, major recreation centers, commercial areas, and high density housing. The pathways will offer safe pedestrian alternatives as well as opportunities for healthy recreation. In addition, the pathways will enable citizens continued access to the natural landscapes within the community.

Town Officials, Department Heads, and the Planning Board will include consideration for pathways in their deliberations. The Town has also directed the Lansing Pathways Committee (LPC) to work with the Recreation and Parks Department to assist in this effort. The LPC is prepared to walk the land and to recommend pathway locations.

## **Assistance available**

Assistance in meeting this request is available from the Lansing Recreation and Parks Department and the Lansing Pathways Committee. Assistance may include walking the property and suggestions for pathway placement. You may arrange such assistance by contacting any of the following:

- Steve Colt, Recreation and Parks, Town of Lansing, Town Hall
- Maureen Cowen, LPC, 257-6332

\*Copies of Resolution 10-134 and current planning maps are available in the Town of Lansing Planning Office.
