RE: Land Located Adjacent to Ridge Road in the Town of Lansing, Tompkins County

Dear Ms. Day:

According to Department records, the Town of Lansing has filed two Notices of Intent with the Department for the construction of water mains on land located within a county adopted, State certified agricultural district. The water main installed adjacent to Ridge Road was not reviewed by the Department pursuant to §305(4) of the Agriculture and Markets Law (AML). Therefore, there are no Department of Agriculture and Markets imposed lateral restrictions on this water main.

As stated in my August 28, 2014 e-mail to you, however, Ms. Sheldon must comply with the Department's disclosure statement requirements if she sells land that is located within an agricultural district (AML §310) and she may also be required to comply with AML §305-a(2) [Agricultural Data Statement] if she appears before a Town Board to subdivide her property.

If you have any additional questions, please contact me at (518) 457-8887.

Sincerely,

A handwritten signature in blue ink that reads "Robert Somers". The signature is fluid and cursive, with the first name "Robert" being more prominent than the last name "Somers".

Robert Somers, Ph.D.
